WELCOME TO ELONARA

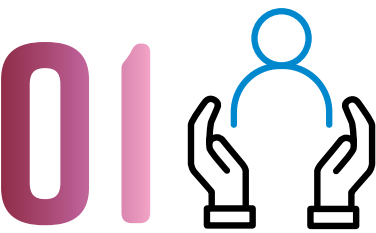

Elonara Pty Ltd

Elonara Pty Ltd is an Australian owned Electrical and Communications Engineering and Contracting Company.

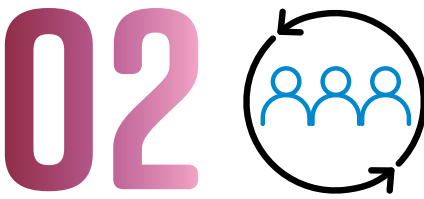

Our in-house team of experts are the one-stop-shop to design, install and maintain your electrical and communications infrastructure over its workable life cycle.

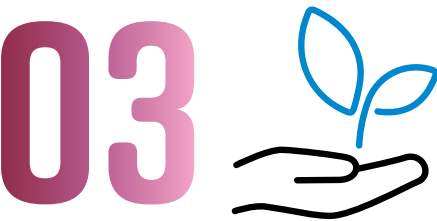

OUR CORE VALUES UNDERPIN
EVERYTHING WE DO AS WE
STRIVE TO:

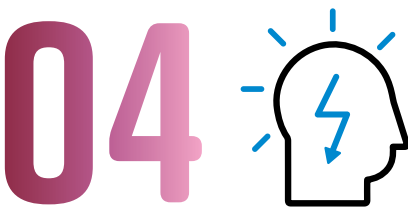

Achieve our mission of ZERO HARM
to people and the environment.

Build and maintain a satisfied customer
base through fair dealings based on
trust, respect, and always offering
quality service.

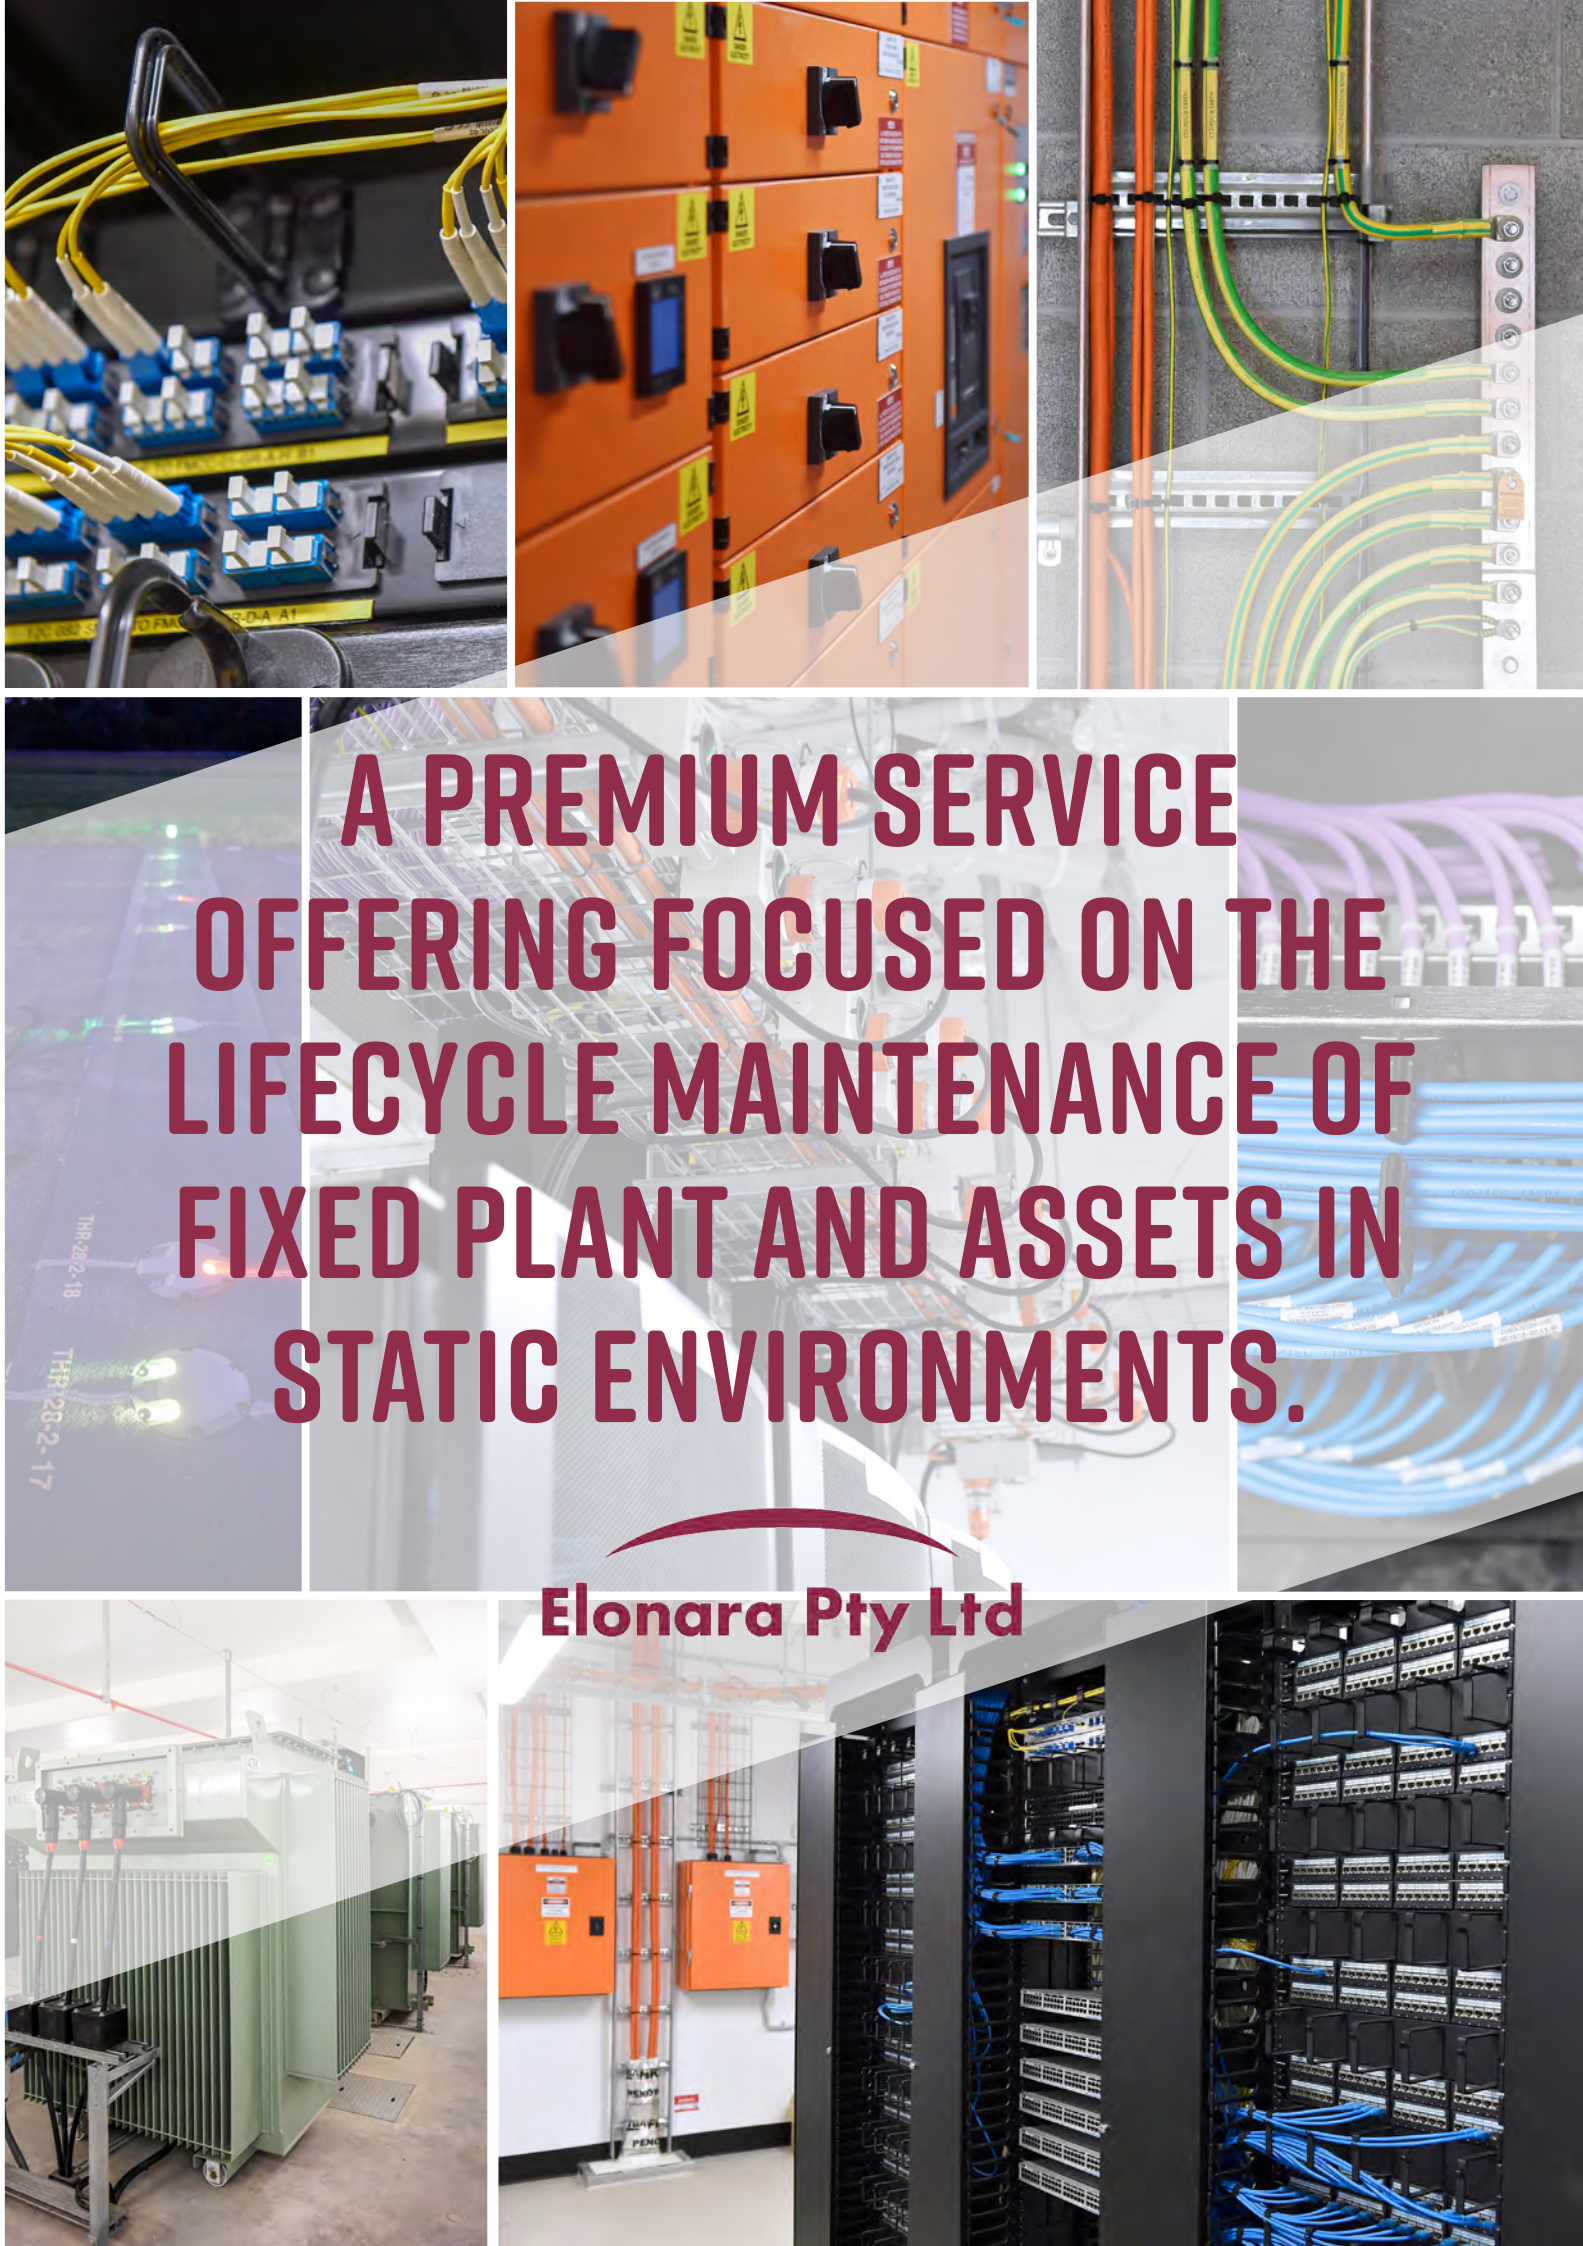

Nurture our long-term relationships
with our customers, suppliers and
most importantly, our employees.

Pioneer the electrical and communications
sector through safe work initiatives, innovation
and diversity in our service offering.

With a commitment to excellence, coupled with a reliable and trustworthy workforce that prides itself on efficiencies in delivery, we have ensured our clients success and performance for a number of years. Add to that our sound financial history – with minimal intangible assets, significant cash reserves, no borrowings, and a policy of purchasing rather than leasing our fixed assets and plant – it’s clear why Elonara will be the electrical and communications contractor of choice for many in the years to come.

ADDING VALUE

A PREMIUM SERVICE
OFFERING FOCUSED ON THE
LIFECYCLE MAINTENANCE OF
FIXED PLANT AND ASSETS IN
STATIC ENVIRONMENTS.

CLIENT SECTORS

Our strengths reside in the practical and innovative solutions of our dynamic employees and their willingness to ensure our services are delivered with a client-centric focus.

Our clients are the lifeblood of our success. We understand that client satisfaction is paramount to the longevity of our company and a key indicator of our business sustainability. For this reason, past performance can be measured through repeat business, which is why we place a great emphasis on becoming a partner of choice to our clients.

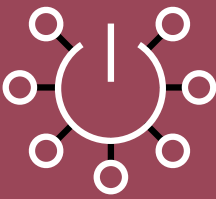

A large portion of our turnover is attributable to repeat business. In a marketplace becoming increasingly value-conscious, quality and past performance is what sets a successful brand apart. Maintaining our core deliverable relevancy and absorbing market trend opportunities, will ensure Elonara continues our growth in the service industry.

FOCUSSED ON YOU

SAFETY COMES FIRST

INSTALLING A CULTURAL MINDSET TO ACHIEVE A ZERO HARM WORK ENVIRONMENT.

SAFETY COMES FIRST

Elonara prides our operation on the comprehensive safety systems and compliance with workplace health and safety legislation.

Our commitment to achieving an outstanding safety performance is genuine. Our management team is proactive, and our workforce is engaged. Each member of the Elonara team is aware of their responsibilities through company and project inductions, toolbox meetings, Safe Work Methods (SWM) and Job Safety and Environment Assessments (JSEA).

Safety audits and inspections systematically conducted through our workplaces and independent third-party audits, ensure compliance to safety management systems and continuous improvement.

Elonara Pty Ltd

ZERO HARM 19
because we want you

WE ARE THE PEOPLE WITH THE SKILLS AND EXPERTISE TO MAINTAIN YOUR ELECTRICAL AND COMMUNICATIONS NETWORKS.

We understand turnkey compliance is paramount to your asset portfolios sustainable longevity. A maintained network will ensure safety to people and environment.

Elonara Pty Ltd

REVIEW PERFORMANCE, MANAGE RISK

Elonara Pty Ltd has partnered with iAuditor to customise a cross-device platform that enables all levels of our business to manage the environmental inspection process, create customized templates, review performance across teams, locations and more.

iAuditor provides visibility and insights to help raise safety and quality standards across our organization. Elonara teams can collect consistent data, standardise operations, send reports, identify failed areas and get problems resolved accurately and efficiently.

- Complete inspections on any device, even when you're offline.
- Send instantly generated reports to management or customers.
- Identify trends and review performance across inspections with analytics dashboards.
- Store audit and inspection records in an accessible, centralized location.
- Empower our workers in the field to take ownership of environmental health and safety.

GROWTH THROUGH EXCELLENCE

**PROVIDING CAPABLE AND
HONOURABLE HANDS TO OUR
CUSTOMERS AND INDUSTRY
EACH AND EVERY DAY**

TECHNOLOGY AND PERFORMANCE

Elonara Pty Ltd utilises industry led business management software tools.

Elonara has adopted the simPRO Software's office and mobile solutions software tools that are customised for our evolving clientele business requirements, streamlining every aspect of our operations – from electrical maintenance, service and project work to administration.

With a range of features for asset maintenance, quoting and estimating, project management, scheduling and more – Elonara powers our electrical business with simPRO to operate at peak performance and maximise our profitability.

simPRO's intricate portal system is assisting Elonara effectively manage our service-level agreements and develop client relationships.

INVESTMENT IN OUR FUTURE LEADERS

ELONARA FOCUSES ON THE PERSONAL AND PROFESSIONAL DEVELOPMENT OF OUR PEOPLE.

Elonara embraces it's commitment to the cultural investment of our future leaders through all operational levels.

We demonstrate humble and conscious leadership that inspires trust, loyalty and empowerment within our workplace.

ACCREDITATIONS AND COMPLIANCE

ONGOING COMPLIANCE, CONTINUOUS IMPROVEMENT.

Elonara's business management systems, incorporating quality, environmental as well as workplace health and safety, serve to formalise the policies, processes and operating standards that apply to the all of our company's employees, whilst undertaking their work duties.

COMPLIANCE AND INTEGRITY

What's just as important as making sure your equipment is functioning is that regular audits and inspections ensure that your business is meeting its duty of care in relation to electrical safety.

You need to show that you operate safely and that you comply with the necessary regulations. Electrical safety and integrity audits demonstrate compliance with regulatory, industry, product and client requirements. They also provide you with the assurance that your business is operating in an electrically safe manner.

Elonara performs all types of electrical safety and compliance audits on all types of electrical assets. Some of the items that might require compliance and integrity testing include power factor correction units, portable appliance integrity testing, generator testing, switchgear, lighting control systems and lux levels, high voltage installations and hazardous area equipment. Integrity testing can also be conducted on your incoming power supply and be used to determine the remaining life of your high voltage network cables and transformers.

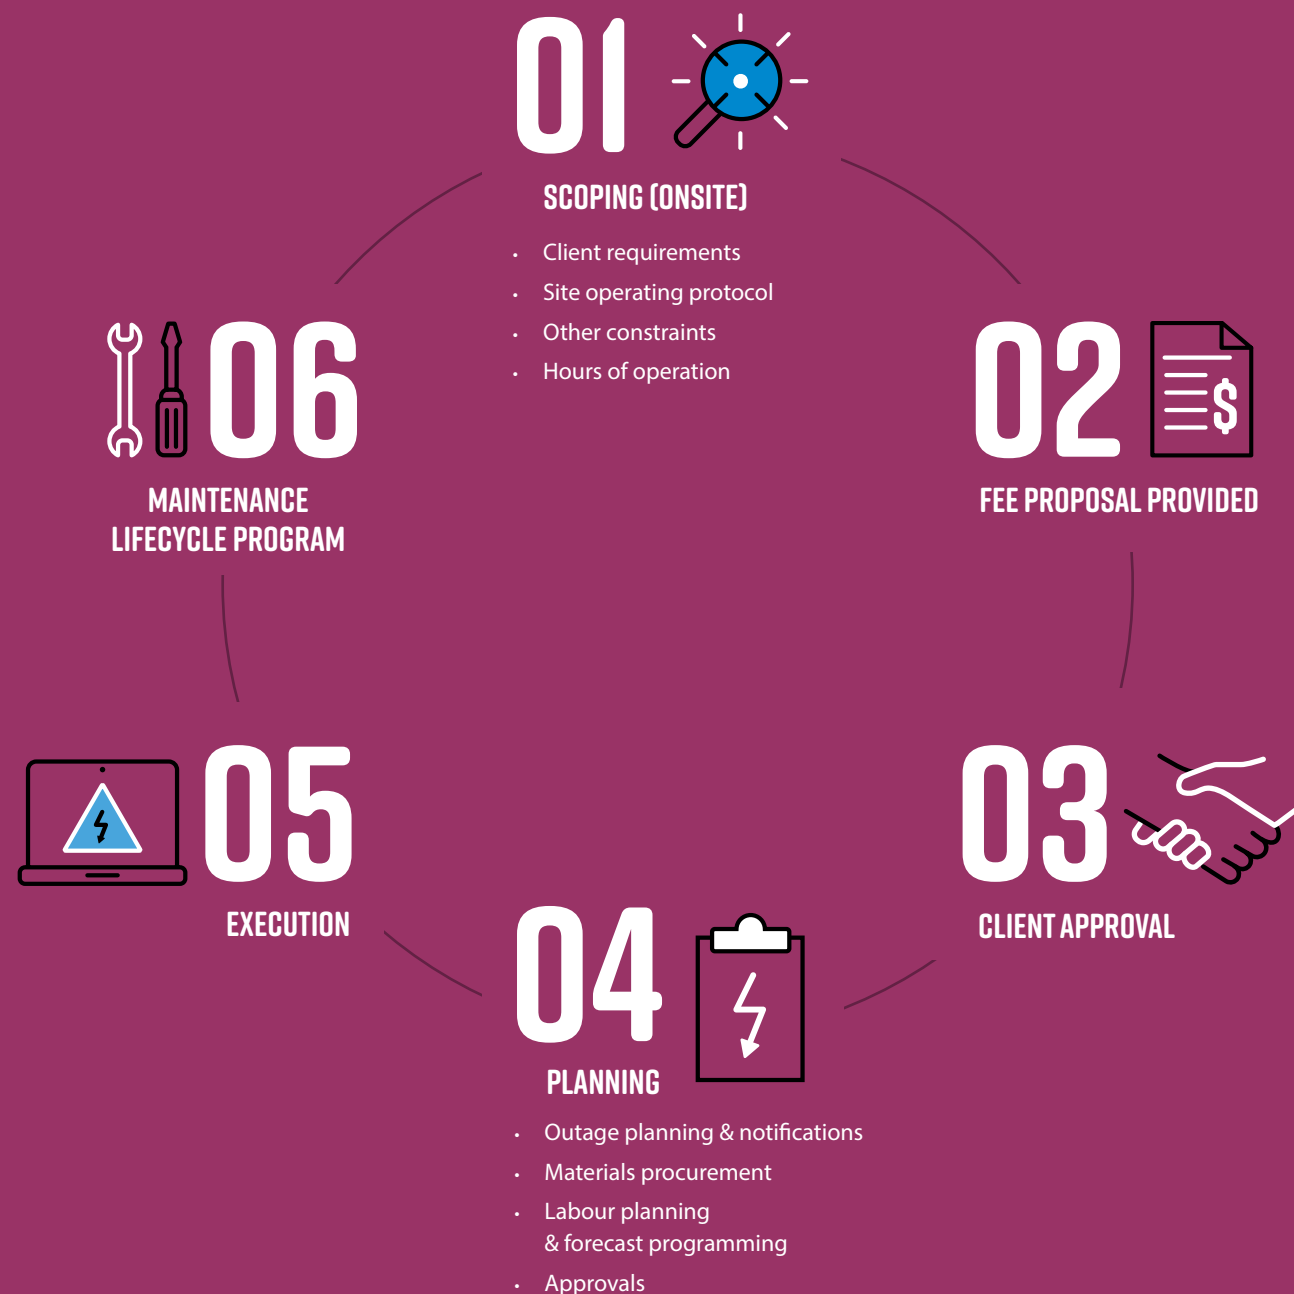

Elonara Pty Ltd

TURNKEY SERVICE SOLUTIONS

CREATING EXPERIENCES, PROVIDING SOLUTIONS.

Our maintenance process can be customised to suit any client specific requirements. We pride ourselves on providing a turnkey solution from the initial services engagement through to project completion and the ongoing asset lifecycle program.

YOUR OBJECTIVES, OUR PRIORITY

WE WILL BUILD AND MANAGE YOUR NETWORK PROPERLY FROM THE VERY BEGINNING SO THAT IT SERVES YOU WELL NOW AND INTO THE FUTURE.
